2.1 Specification of Outcomes and Deliverables

Selected proposer(s) must define the number of deliverables necessary to provide quality, reasonable outcomes related to their proposed program. Deliverables are the services the proposer intends to provide through their program. These deliverables should be quantifiable. The Deliverables should be what the proposer considers to be the primary or key elements of delivering their services.

Whenever possible the Deliverables should be quantified. The provided Deliverables will be a provided basis for assessing program performance during Department monitoring and in Department Quarterly Reports.

It is required that the proposal specify how data or other information will be collected and compiled for each Deliverable. Department will review during monitoring whether procedures for Deliverable’s data collection and compilation are being followed.

Proposals must establish the number of Outcomes necessary to provide quality, reasonable measures of the program’s direct, positive impact on the assigned customers. Outcomes must be aligned with demonstrating the effectiveness and positive impact of the services on the individual customers utilizing them. Outcomes are a statement of what the proposer expects to result from the program for individual participants or the community to be served. Often Outcomes are tied to one or more of the Deliverables.

A list of potential outcomes has been provided below. Department expects positive impacts in the following areas:

- Participants will demonstrate improvement and understanding of employment soft skills including, but not limited to, change in attitude and workplace behaviors, interviewing skills, appropriate work attire, time management, organizational skills and arriving on time;

Care should be taken to ensure that the outcomes to be measured are directly related to the program. How outcomes are measured can significantly affect how the results should be interpreted. The use of questions and measures from existing survey instruments is strongly recommended, especially if such instruments have proven validity.

It is required that the proposal also specify how data or other information will be collected and compiled for each Outcome. Department will review during monitoring whether procedures for Outcome data collection and compilation are being followed.

Springfield, Ohio 45503

The hard copy shall be submitted in a sealed envelope and labeled: “PROPOSAL FOR RFP #22-SFY-04 SUBMITTED BY [PROPOSER’S NAME HERE].”

3. Proposals must be submitted no later than 10:00 a.m. on July 15, 2022, regardless of submission method. Faxed submissions will not be accepted. There are no exceptions to this deadline, and proposals received after the deadline will be immediately rejected.
4. Board is not responsible for proposals incorrectly addressed or for proposals delivered to any location other than the address specified on the cover sheet of this RFP. Proposers who choose to mail their proposal do so at their own risk.
5. Submission of a proposal indicates acceptance by the proposer of the conditions contained in this RFP, unless clearly and specifically noted in the proposal submitted and confirmed in the contract between Board and the proposer selected.

5. Proposal Review, Scoring, and Contract Award

Board will contract on behalf of Department with the proposer(s) that best demonstrates the ability to meet requirements as specified in this RFP. Proposers will be evaluated based on the capacity and experience demonstrated in their technical and cost proposal. All qualifying proposals will be reviewed and scored by a PRT

comprised of representatives from Department. Proposers should not assume that the review team members are familiar with any past or current work activities with Department, Board, or any other County agencies. Proposals containing assumptions, lack of detail, poor organization, lack of proofreading, and unnecessary use of self-promotional claims will be evaluated accordingly. PRT members will be required to sign disclosure forms to establish they have no personal or financial interest in the outcome of the proposal review and contractor selection process.

Board's selection of proposal(s) for contract will be based on evaluation and grading. Board reserves the right to reject any and all proposals, in whole or in part, received in response to this request. The PRT may waive minor defects that are not material when the intent is not unreasonably obscured.

5.1. Scoring of Proposals

In scoring the proposals, Department will score in three phases. Once proposals enter Phase I, they are considered, for the purposes of this RFP, to be in the "review process."

Phase I. Review – Initial Qualifying Criteria

In order to be fully reviewed and scored, proposals submitted must pass Phase I review. Any "no" for the following Phase I criteria triggers a Board elimination of proposal from further consideration:

1. Was the proposal received by the deadline?
2. Does the technical proposal include all required certifications and forms required by Section 3.1.1 of the RFP?
3. Does proposer affirmatively indicate that it is not on the federal debarment list, and it is fiscally solvent?
4. Does Department's review of the Auditor of State and SAM.gov websites verify that proposer is not excluded from contracting with Board?

Phase II. Review – Criteria for Scoring the Technical and Cost Proposal

The PRT will then score qualifying technical and cost proposals not eliminated by Board in Phase I. The PRT will assess how well proposer meets the requirements as specified in Section 3 of this RFP. Using the Technical and Cost Proposal Scoring Sheet for Phase II scoring, the PRT will read, review, and discuss the proposals and reach consensus on the final score for each qualifying proposal.

Phase III: Review by Department Director

See Section 5.3 Final Selection

5.2. Review Process Caveats

Board reserves the right to reject any and all proposals, in whole or in part, received in response to this request. Board may waive minor defects in the RFP that are not material when no prejudice will result to the rights of any proposer or to the public. Board may, at their sole discretion, waive minor errors or omissions in proposers' proposals/forms when those errors do not unreasonably obscure the meaning of the content.

Board reserves the right to request clarifications from proposers regarding any information in their proposals/forms and may request such clarification as it deems necessary at any point in the proposal review process. Any such requests for proposal clarification when initiated by Board, and proposers' verbal or written response to those requests, shall not be considered a violation of the communication prohibitions contained in Section 2.4 of this RFP. Such communications are expressly permitted when initiated by Board but will be initiated at the sole discretion of Board.

Board reserves the right to negotiate with proposers for adjustments to their proposals should Board determine, for any reason, to adjust the scope of the project for which this RFP is released. Such communications are not violations of any communications prohibition and are expressly permitted when initiated by Board but are at the sole discretion of Board.

In Board's sole discretion, any proposer deemed not responsible, or any proposer(s) submitting a proposal deemed non-responsive to the terms of this RFP, shall not be awarded the contract.

5.3. Final Selection

The Proposal Review Team will provide a final scoring of all proposals and make a recommendation to the Director to award contract to one proposer. Director will make a final selection of contractor to be recommended to the Board. To make the final selection, Director may consider proposal quality, reasonableness and appropriateness of proposed budget, funding available, and past contract/subgrant performance. Board maintains the right to accept or reject Director's recommendation.

6. Protests

Any potential or actual proposer may file a protest on any matter relating to the process of soliciting the proposals or on the belief that Department has not followed procedures outlined in this RFP. Such a protest must comply with the following guidelines:

1. Protests shall be in writing and shall contain the following information:
 - a. The name, address, and telephone number of the protestor;
 - b. The program name and number of the RFP being protested;
 - c. A detailed statement of the legal and factual grounds for the protest, including copies of any relevant documents;
 - d. A request for a ruling by Department;
 - e. A statement as to the form of relief requested from Department; and
 - f. Any other information the protestor believes to be essential to the determination of the factual and legal questions at issue in the written protest.
2. A protest shall be considered timely if received within the following periods:
 - a. A protest based on alleged improprieties or events about which the protestor knew or could have reasonably discovered, prior to the closing date for receipt of proposals, shall be filed no later than the deadline for receipt of proposals.
 - b. If the protest relates to the PRT's or the Director's recommendation to award a contract or to reject any or all proposals, the protest shall be filed no later than 9 a.m. of the seventh (7th) calendar day after the issuance of the notification of Intent to Award or Non-Award the contract or the notification of Intent to Reject all proposals, whichever is applicable.
3. An untimely protest may be considered by Department if it determines that the protest raises issues significant to Department's procurement system. An untimely protest is one received by Department after the time periods set forth in Item 2 of this section.
4. All protests must be filed at the following location via email to: Virginia.Martycz@jfs.ohio.gov
5. When a timely protest is filed, a contract award shall not proceed until a decision on the protest is issued or the matter is otherwise resolved, unless Board determines that a delay will severely disadvantage Board. Proposer(s) who would have been awarded the contract(s) shall be notified of the receipt of the protest.
6. Board shall issue a written decision on all timely protests and shall notify any provider who filed an untimely protest as to whether or not the protest will be considered.
7. Proposers who choose to rely on responses to public records requests when preparing their protests do so at their own risk.

7. Additional Documents and Clauses

7.1. Changes to the RFP

Material changes to this RFP will be provided via the agency website (<http://www.clarkdjfs.org/>). Proposers are responsible for obtaining any such changes without further notice by Board.

7.2 Proposal Costs

Costs incurred in the preparation of this proposal are to be borne solely by proposer. Board will not contribute in any way to the costs of the preparation of the proposal, associated documents, or any other items/documents related to this RFP. Any costs associated with interviews will also be borne by proposer and will not be Board's responsibility.

7.3 Proposal Submissions as Public Record

Following submission of a proposal, all proposals submitted may become part of the public record. It is the responsibility of the proposer to remove all personal confidential information (such as home addresses and social security numbers) of proposer's staff and/or of any subcontractor and subcontractor staff from the proposal package. Department reserves the right to disqualify any proposer whose proposal is found to contain personal confidential information. The proposer shall be responsible for any and all information disclosed in the proposal submission and any or all information released by Department in any public records requests.

7.4 Contractual Requirements

Any contract/subgrant resulting from the issuance of this RFP is subject to the terms and conditions as provided in the sample contract/subgrant, which can be found on the website dedicated to this RFP.

Payments for any and all services provided pursuant to an awarded contract/subgrant are contingent upon the availability of state and federal funds.

All aspects of the contract/subgrant apply equally to work performed by any and all subcontractors.

Contractor, and any subcontractor(s), will not use or disclose any information made available to them for any purpose other than to fulfill the contractual duties specified in the RFP. Contractor, and any subcontractor(s), agrees to be bound by all of the confidentiality, disclosure and safeguarding requirements of the Ohio Revised Code and the Ohio Department of Job & Family Services, including, but not limited to those stated in the Ohio Revised Code Sections 5101.26, 5101.27, 5101.272, 5101.28, 5160.45, 42 Code of Federal Regulations Sections 431.300 through 431.307 and Ohio Administrative Code Section 5101:1-1-03 and 5160:1-1-01.1. Disclosure of information in a manner not in accordance with all applicable federal and state laws and regulations is deemed a breach of the contract and subject to the imposition of penalties, including, but not limited to, the penalties found in Revised Code Section 5101.99.

Contractor must maintain the required insurance coverage throughout the entirety of the contract/subgrant period.

No employee designated in a proposal as "key personnel" or any employee identified as critical to the success of the project can be removed without reasonable notice to county, and replacements will not be made without county approval.

Contractor will establish safeguards to prohibit employees from using their positions for a purpose that is or gives the appearance of being motivated by desire for private gain for themselves or others, particularly those with whom they have family, business or other ties.

7.5 Limitations

The award of a contract is contingent upon the approval of Board. No contract shall be valid and legal until it has been approved and executed, in signature, by the Board.

This RFP does not commit Board to award a contract or to pay any cost incurred in the preparation of a proposal. Board reserves the right to accept or reject any or all proposals received, to negotiate services and cost with proposers, and to cancel in part or in its entirety this RFP.

Board will review each proposal with respect to price, proposer's administrative and programmatic capabilities, and conformance to the RFP criteria. Board may reject all responses if proposed rates are unreasonable or if proposers do not meet the RFP acceptance criteria. All proposals submitted in response to the RFP will become the property of Board.

Proposal selection does not guarantee that a contract for services will be awarded. Board reserves the right to terminate the negotiation process in the event that negotiations fail with proposer whose proposal is selected and/or issues arise during negotiations that prevent Board from entering into a contract with that proposer. If this happens, Board, in their sole discretion, reserve the right to: (1) select the next highest rated proposer that responded to the RFP or (2) cancel and/or reissue the RFP.

Proposer selected will be required to agree to the terms of the Sample Contract included on the website dedicated to RFP related documents. These terms cannot be modified without authorization from Board.

7.6 Compensation Structure

Board agrees that reimbursement of all costs will be dependent upon the contractor's performance in the delivery of services specified in the approved budget once the contract agreement is awarded. Payment shall be made by the Clark County Auditor upon proper presentation of request, when approved by Department and the contractor/sub-grantee. Payment shall be made in one of two ways:

1. Direct Cost: Payment shall be made on a direct cost reimbursement basis.
OR
2. Unit Cost: Payment shall be made on a unit cost, fee for service, reimbursement basis. The unit cost represents a true measure of the actual cost of providing the contracted number of units of service. Unit cost contractors may be asked to reconcile revenue against the total actual expenditures and reimburse Department for over-budgeted expenses on a quarterly basis.

Proposers must define their preferred payment method in their proposal.

Board recognizes only those expenses that have actually occurred; invoices must be submitted as a request for reimbursement of actual cash expenditures. Additionally, the contractor must submit copies of paid sub-contractor invoices in order to be reimbursed for those service costs.
